

A MESSAGE FROM OUR CEO, ERICA PADILLA-CHAVEZ

"Dr. Rodriguez is to be commended for her leadership and focus in advancing student outcomes. While we have many questions surrounding her dismissal, especially during these challenging times, it is important to acknowledge the many positive contributions she made while exercising her role as Superintendent. She also served as the Board Chair for our agency and was instrumental in helping ensure expansion of behavioral health services for children and their families. She understood the importance of student mental health and its connection to student success. On behalf of PVPSA, we thank her for her outstanding leadership. We also extend our condolences for the recent passing of her father. She will certainly be missed."
